FREIGHT REGULATIONS

Please be aware that the following rules and regulations will be in effect for Geothermal Rising Conference at the Peppermill Resort in Reno, NV.

Union regulations require that ALL freight moving in and out of the exhibit hall be handled by one of their representatives. To make this process as smooth as possible for all exhibitors, Paramount Convention Services have implemented the following procedures:

- A representative of Paramount Convention Services WILL deliver ALL freight to your booth. The hotel WILL NOT deliver any freight into the exhibit hall. DUE TO UNION REGULATIONS, THERE WILL BE NO EXCEPTIONS TO THIS RULE.
 - o This will occur regardless of whether you ship your freight directly to the hotel or take advantage of our advance freight rates and storage.
- If you do ship directly to the hotel prior to the set-up date please be advised of the following:
 - o The hotel does not generally accept exhibit materials and may refuse your shipment; this includes shipments to individual guest names.
 - o If your materials are accepted you will be charged an additional freight handling fee of \$15 per box for shipments under 75 lbs. and \$100 per shipment over 75 lbs. in addition to the CWT charges and any penalties.
 - o The hotel will only deliver your freight to our service desk and we will complete delivery upon payment.
- To expedite the delivery of your materials to your booth please be advised that Paramount will NOT deliver your shipment unless we have a credit card authorization form on file prior to the first move in date.
- The best way to assure your freight arrives in a timely and cost effective manner is to take advantage of our advance shipping procedures outlined in this exhibitor service kit.

Thank you for your assistance in this matter and if you have any questions or concerns please feel free to contact Paramount at 314-621-6677.

UNION JURISDICTION RULES

Since Work Rules and Union Jurisdictions vary from city to city, we apprise you of the following statements to help you in understanding the Union Requirements.

Decorator & Carpenter Jurisdiction

It is necessary for all exhibitors to use qualified union personnel for the installation and dismantling of prefabricated exhibits and displays and to install and remove draperies and floor covering. The handling, placing or setting out of merchandise that is to be displayed does not require union labor and may be done by the exhibitor. In addition, the installation or dismantling of an exhibit which does not require the use of hand tools, or more than one person, and can be accomplished within thirty minutes, may be performed by the owner or company representative for booths up to 10' X 30' in area. Your labor requirements can be ordered on the enclosed Exhibit Labor Order Form.

Teamster Jurisdiction

Our Material Handling Department is responsible for maintaining in and out traffic schedules at the Show site. Even local exhibitors should clear all movements of exhibit materials through this department as we will have priority at the unloading area at all times. For safety reasons, individually hand carried items or vehicles are not allowed through the dock. Material Handling Services may be ordered in advance by completing and returning the enclosed Shipping Information and Service Order Form. Paramount Convention Services will handle **all** incoming show freight regardless of the material handling form being submitted, advance or show site delivery and regardless of if freight is designated as in care of Paramount or not; and the exhibitor will be liable for all appropriate charges as described on the material handling form, as well as all storage fees, if any charged by the facility for items delivered and accepted prior to scheduled move in date

Thank you!

ExpoBadge Badge Kit	The ExpoBadge Badge Kit is an encoding package intended for exhibitors that will be utilizing their own scanning equipment at the show. This kit will enable you to map the data scanned to the appropriate fields in your software. As soon as the badge has completed the approval process, the Badge Kit will be sent.
API Developers Kit	If you own your own Lead Retrieval system and would like to capture full attendee contact information in real time, our ExpoBadge API Developers Kit will allow you to retrieve each attendee's contact information via a direct API link to our registration database. We will send you API documentation, including instructions for your IT department to set up the data transfer and all credentials necessary to access our database. This will allow you to scan a badge on the tradeshow floor and send an ID to our database, which will immediately return the attendee's full contact information, making it available for direct import into your CRM or lead capture software. *This item also include our Badge Kit product.
